Players must be 15 or under on 31 Dec, 2018**

Nominations close Monday Feb 5 @ 5pm - no late nominations accepted!

I don't want to nominate for a State Team but I want some additional skill development -

The Elite Skill Development Days provide you with an opportunity to refine your existing skills, as well as learn some new and exciting ones. You also get the opportunity to train with players of a similar age and ability from a range of clubs.

Upcoming Elite Skill Development Days

U15 Girls and Boys - February 3rd 2018

The Elite Skill Development Days provide athletes who have played at zone level or higher with the opportunity to participate in intensive and specific skill training in small group environments. Groups will be coached by current State and Victorian Institute of Sport Coaches and Athletes, a number of whom are coaches in the Hockey Victoria Academy program.

We encourage all athletes that have played at zone level or higher to attend these days. They provide a great opportunity to train with athletes of a similar age and ability, offer exposure to some great coaches and are an opportunity to be viewed by our Athlete Identification Officers (AIOs).

On each day there are a combination of skills sessions, modified games and full field match play. Throughout the day there are breaks for drinks and lunch. Players are required to bring their own food and drinks for these days.

Please register early as there are limited positions available.

If the Elite Skill Development Day that you'd like to attend is sold out, please email Phil Burrows (pburrows@hockeyvictoria.org.au) to be placed on the waiting list.
